"Boris XI" & "Sgt Preston" Over!

Dave Anderson's England has become mistress of "Boris XI", which is fortunate as "Boris XIII" needs space to grow into. While a bankruptcy appears to have ended our 1856 game abruptly, wiser heads than I may dispute it. SILVERTON or another 18xx will replace it. CM should've finished next month but Sartorius's demise has extended the game. I expect KREMLIN to fill that page. Barring a concession in ADV CIV, those appear to be our only likely openings in the next few months. Fully e-mail games are possible though.

STANDBY ALERT:

ADVANCED CIVILIZATION: Africa has resigned. Crete wants to. Thrace is NMR.

BALKAN WARS VI: Turkey

HISTORY OF THE WORLD: Perhaps a position available, contact the GM, Kevin Wilson

MAGIC REALM: Fern & Xyla

Interested parties should send in orders for each position they are interested in. If the present player again fails to submit orders on time, a random drawing will be held.

BORIS'S BULLETIN BOARD

THOUGHT FOR THE MONTH: "Individualism is cherished because it produces freedom, but the gift is conditional: The more the population exceeds the carrying capacity of the environment, the more freedoms must be given up." --- Garret Hardin

Note new e-addresses for Paul Zieske, Alan & Jason Bargender, and Dan Gorham (p 19).

Brad Wilson's (Balkan Wars) *Vertigo*, and its alter ego *Meet George Jetson*, is in need of DIP players as his player pool evaporates down to a precious, overworked few. While not terribly punctual, it's hard to beat the sub price of \$5.50 for 10 issues. He has immediate openings in DIP, Gunboat DIP, Balkan Wars VI, Philadelphia DIP, and Fictionary Dictionary.

It's time for the annual Zine Register review writing. If you get several 'zines you might want to write up a short review of each and send them along to Mike Lowery (address on p 19) by 17 Dec 98.

BOOS & KUDOS

This month's Madame Bolduc Press Excellence Award (and free issue) goes to Kevin Wilson for his **BALKAN WARS VI** press.

This month's Ms Nar Super-Sunday Bomb is lobbed at Paul Zieske for his ADV CIV NMR.

Tear that preparedness is in the best interest of the Motherland. To that end emesaries have been sent out to the capitals of all Europe and many have met with favorable responses.

In order to get our military up to speed special training has been implemented in the army and navy barrack mess halls. The Navy sailors in St.Pete have been eating a lot of lutifsk and leisa and kolaches, and the response has been "Ja gut! Ja sure, ju betcha." Army soldiers have been stocking up on chocolets and drinking beer which hasn't gone well as they prefer the vodka. The sailors in Sevastopol have really taken to drinking their coffee black and straight up, that is the spoon sticks straight up as it is so thick.

France and Austria seem to have agreed that the latter will absorb Italy. However, as Germany begins her dismemberment of a discommodulated England, the Tsar has begun a pincer movement aimed at the heart of Germany while the French, withdrawing from Wormtongue's Italy, have nowhere to go but the Insensate Albion and -- surprise! -- Germany.
